Gladstone Commercial Corporation
Notes to Condensed Consolidated Financial Statements (Unaudited)

1. Organization, Basis of Presentation and Significant Accounting Policies

Gladstone Commercial Corporation is a real estate investment trust (“REIT”) that was incorporated under the General Corporation Law of the State of Maryland on February 14, 2003. We focus on acquiring, owning and managing primarily industrial and office properties. Subject to certain restrictions and limitations, our business is managed by Gladstone Management Corporation, a Delaware corporation (the “Adviser”), and administrative services are provided by Gladstone Administration, LLC, a Delaware limited liability company (the “Administrator”), each pursuant to a contractual arrangement with us. Our Adviser and Administrator collectively employ all of our personnel and pay their salaries, benefits, and general expenses directly. Gladstone Commercial Corporation conducts substantially all of its operations through a subsidiary, Gladstone Commercial Limited Partnership, a Delaware limited partnership (the “Operating Partnership”). As of June 30, 2026, we owned 151 properties totaling 17.7 million square feet across 27 states.

All references herein to “we,” “our,” “us” and the “Company” mean Gladstone Commercial Corporation and its consolidated subsidiaries, except where it is made clear that the term means only Gladstone Commercial Corporation.

Interim Financial Information

Our interim financial statements are prepared in accordance with generally accepted accounting principles (“GAAP”) for interim financial information and pursuant to the requirements for reporting on Form 10-Q and in accordance with Article 10 of Regulation S-X. Accordingly, certain disclosures accompanying annual financial statements prepared in accordance with GAAP are omitted. The year-end balance sheet data presented herein was derived from audited financial statements but does not include all disclosures required by GAAP. In the opinion of our management, all adjustments, consisting solely of normal recurring accruals, necessary for the fair statement of financial statements for the interim period, have been included. The interim financial statements and notes thereto should be read in conjunction with the financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2025, as filed with the U.S. Securities and Exchange Commission (the “SEC”) on February 18, 2026. The results of operations for the three and six months ended June 30, 2026 are not necessarily indicative of the results that may be expected for other interim periods or for the full 2026 fiscal year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Significant Accounting Policies

The preparation of our financial statements in accordance with GAAP requires management to make judgments that are subjective in nature and requires management to make certain estimates and assumptions. Application of these accounting policies involves the exercise of judgment regarding the use of assumptions as to future uncertainties, and as a result, actual results could materially differ from these estimates. A summary of all of our significant accounting policies is provided in Note 1, “Organization, Basis of Presentation and Significant Accounting Policies,” to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2025. There were no material changes to our critical accounting policies during the three and six months ended June 30, 2026.

Segment Reporting

Our current business strategy includes one reporting segment: Real Estate Rental Operations. We generate revenues, earnings, net income, and cash flows through our single segment as follows: We collect rent from our tenants through operating leases, including reimbursements for the majority of our property operating costs. We expect to generate earnings growth by increasing rents, maintaining high occupancy rates, and controlling expenses. The primary drivers of our revenue growth will be the rolling of in-place leases to current market rents when such leases expire, and the acquisition of new properties. We believe our active portfolio management, combined with the skills of our asset management team will allow us to maximize net income across our portfolio.

Our Chief Operating Decision Maker (“CODM”) is our Chief Executive Officer. The CODM uses consolidated net income to make decisions about allocating resources to individual properties and assessing performance. The CODM will sometimes reference other metrics, including net operating income; however, as net income is the measure most consistent with the amounts disclosed in the consolidated financial statements, only consolidated net income is disclosed.

Recently Issued Accounting Pronouncements

In November 2024, the FASB issued ASU 2024-03, “Income Statement - Reporting Comprehensive Income-Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses” (“ASU 2024-03”). ASU 2024-03 requires public entities to disaggregate specific types of expenses, including disclosures for depreciation, intangible asset amortization, and selling expenses. ASU 2024-03 is effective for fiscal years beginning after December 15, 2026, with prospective application required and retrospective application or early adoption permitted. We are currently evaluating the impact from adopting ASU 2024-03 on our consolidated financial statements and disclosures.

2. Related Party Transactions

Gladstone Management and Gladstone Administration

We are externally managed pursuant to contractual arrangements with our Adviser and our Administrator, which collectively employ all of our personnel and pay their salaries, benefits, and general expenses directly. Both our Adviser and Administrator are affiliates of ours, as their parent company is owned and controlled by Mr. David Gladstone, our chairman, who also serves as the chairman and chief executive officer of our Adviser and our Administrator. Our president and chief executive officer, Mr. Arthur “Buzz” Cooper, is also an executive vice president of commercial and industrial real estate of our Adviser. Mr. John Sateri, our chief investment officer, also serves in the same role for our Adviser. Mr. Michael LiCalsi, our chief administrative officer, co-general counsel, and co-secretary, also serves in the same roles for our Adviser and Administrator (in addition to serving as president of our Administrator). Mr. Erich Hellmold, our co-general counsel and co-secretary, also serves in the same roles for our Adviser and Administrator. We have entered into an advisory agreement with our Adviser, as amended from time to time (the “Advisory Agreement”), and an administration agreement with our Administrator (the “Administration Agreement”). The services and fees under the Advisory Agreement and Administration Agreement are described below. As of June 30, 2026 and December 31, 2025, \$3.5 million and \$3.2 million, respectively, was collectively due to our Adviser and Administrator, pursuant to the Advisory Agreement and Administration Agreement. Our entrance into the Advisory Agreement and each amendment thereto has been approved unanimously by our Board of Directors. Our Board of Directors reviews and considers renewing the agreements with our Adviser and Administrator annually, typically during the month of July. During its July 2026 meeting, our Board of Directors reviewed and renewed the Advisory Agreement and the Administration Agreement for an additional year, through August 31, 2027.

Base Management Fee

The base management fee is payable quarterly in arrears and calculated at an annual rate of 0.425% (0.10625% per quarter) of the prior calendar quarter’s “Gross Tangible Real Estate,” defined in the Advisory Agreement as the current gross value of our property portfolio (meaning the aggregate of each property’s original acquisition price plus the cost of any subsequent capital improvements thereon).

For the three and six months ended June 30, 2026, we recorded a base management fee of \$1.7 million and \$3.5 million, respectively. For the three and six months ended June 30, 2025, we recorded a base management fee of \$1.6 million and \$3.2 million, respectively.

Incentive Fee

Pursuant to the Advisory Agreement, the calculation of the incentive fee rewards the Adviser in circumstances where our quarterly Core FFO (defined at the end of this paragraph), before giving effect to any incentive fee, or pre-incentive fee Core FFO, exceeds 2.0% quarterly, or 8.0% annualized, of adjusted total stockholders’ equity (after giving effect to the base management fee but before giving effect to the incentive fee). We refer to this as the hurdle rate. The Adviser will receive 15.0% of the amount of our pre-incentive fee Core FFO that exceeds the new hurdle rate. However, in no event shall the incentive fee for a particular quarter exceed by 15.0% (the cap) the average quarterly incentive fee paid by us for the previous four quarters (excluding quarters for which no incentive fee was paid). Core FFO, as defined in the Advisory Agreement, is GAAP net income (loss) available (attributable) to common stockholders, excluding the incentive fee, depreciation and

amortization, any realized and unrealized gains, losses or other non-cash items recorded in net income (loss) available (attributable) to common stockholders for the period, and one-time events pursuant to changes in GAAP.

On July 11, 2023, the Company amended and restated the Advisory Agreement by entering into the Eighth Amended and Restated Investment Advisory Agreement between the Company and the Adviser (the “Eighth Amended Advisory Agreement”), as approved unanimously by our Board of Directors, including specifically our independent directors. The Eighth Amended Advisory Agreement clarified that for any future quarter whereby an incentive fee would exceed by greater than 15% the average quarterly incentive fee paid, the measurement would be versus the last four quarters where an incentive fee was actually paid. The calculation of all other fees was unchanged.

For the three and six months ended June 30, 2026, we recorded an incentive fee of \$0.6 million and \$1.2 million, respectively, offset by credits related to non-contractual, unconditional, and irrevocable waivers issued by the Adviser of \$0.02 million and \$0.6 million, respectively. For the three and six months ended June 30, 2025, we recorded an incentive fee of \$0.7 million and \$1.3 million, respectively, offset by credits related to non-contractual, unconditional, and irrevocable waivers issued by the Adviser of \$0.7 million and \$0.7 million, respectively.

Capital Gain Fee

Under the Advisory Agreement, we will pay to the Adviser a capital gain-based incentive fee that will be calculated and payable in arrears as of the end of each fiscal year (or upon termination of the Advisory Agreement). In determining the capital gain fee, we will calculate aggregate realized capital gains and aggregate realized capital losses for the applicable time period. For this purpose, aggregate realized capital gains and losses, if any, equals the realized gain or loss calculated by the difference between the sales price of the property, less any costs to sell the property and the current gross value of the property (equal to the property’s original acquisition price plus any subsequent non-reimbursed capital improvements) of the disposed property. At the end of the fiscal year, if this number is positive, then the capital gain fee payable for such time period shall equal 15.0% of such amount. No capital gain fee was recognized during the three and six months ended June 30, 2026 or 2025.

Termination Fee

The Advisory Agreement includes a termination fee clause whereby, in the event of our termination of the agreement without cause (with 120 days’ prior written notice and the vote of at least two-thirds of our independent directors), a termination fee would be payable to the Adviser equal to two times the sum of the average annual base management fee and incentive fee earned by the Adviser during the 24-month period prior to such termination. A termination fee is also payable if the Adviser terminates the Advisory Agreement after we have defaulted and applicable cure periods have expired. The Advisory Agreement may also be terminated for cause by us (with 30 days’ prior written notice and the vote of at least two-thirds of our independent directors), with no termination fee payable. Cause is defined in the Advisory Agreement to include if the Adviser breaches any material provisions thereof, the bankruptcy or insolvency of the Adviser, dissolution of the Adviser and fraud or misappropriation of funds.

Administration Agreement

Under the terms of the Administration Agreement, we pay separately for our allocable portion of the Administrator’s overhead expenses in performing its obligations to us including, but not limited to, rent and our allocable portion of the salaries and benefits expenses of our Administrator’s employees, including, but not limited to, our chief financial officer, treasurer, chief compliance officer, chief administrative officer, co-general counsels and co-secretaries (Mr. LiCalsi also serves as our Administrator’s president), and their respective staffs. Our allocable portion of the Administrator’s expenses are generally derived by multiplying our Administrator’s total expenses by the approximate percentage of time the Administrator’s employees perform services for us in relation to their time spent performing services for all companies serviced by our Administrator under contractual agreements. We believe that the methodology of allocating the Administrator’s total expenses by approximate percentage of time services were performed among all companies serviced by our Administrator more closely approximates fees paid for actual services performed. For the three and six months ended June 30, 2026, we recorded an administration fee of \$0.6 million and \$1.3 million, respectively. For the three and six months ended June 30, 2025, we recorded an administration fee of \$0.6 million and \$1.2 million, respectively.

Gladstone Securities

Gladstone Securities, LLC (“Gladstone Securities”), is a privately held broker dealer registered with the Financial Industry Regulatory Authority (“FINRA”) and insured by the Securities Investor Protection Corporation (“SIPC”). Gladstone Securities

is an affiliate of ours, as its parent company is owned and controlled by David Gladstone, our chairman. Mr. Gladstone also serves on the board of managers of Gladstone Securities.

Mortgage Financing Arrangement Agreement

We entered into an agreement with Gladstone Securities, effective June 18, 2013, for it to act as our non-exclusive agent to assist us with arranging mortgage financing for our owned properties. In connection with this engagement, Gladstone Securities will, from time to time, continue to solicit the interest of various commercial real estate lenders or recommend to us third-party lenders offering credit products or packages that are responsive to our needs. We pay Gladstone Securities a financing fee in connection with the services it provides to us for securing mortgage financing on any of our properties. The amount of these financing fees, which are payable upon closing of the financing, are based on a percentage of the amount of the mortgage, generally ranging from 0.15% to a maximum of 1.00% of the mortgage obtained. The amount of the financing fees may be reduced or eliminated, as determined by us and Gladstone Securities, after taking into consideration various factors, including, but not limited to, the involvement of any third-party brokers and market conditions. We did not pay financing fees to Gladstone Securities during the three and six months ended June 30, 2026 and 2025. Our Board of Directors renewed the agreement for an additional year, through August 31, 2027, at its July 2026 meeting.

Dealer Manager Agreement

On February 20, 2020, we entered into a dealer manager agreement, as amended on February 9, 2023 (the “Dealer Manager Agreement”), whereby Gladstone Securities acted as the exclusive dealer manager in connection with our offering (the “Offering”) of up to (i) 20,000,000 shares of 6.00% Series F Cumulative Redeemable Preferred Stock, par value \$0.001 per share (the “Series F Preferred Stock”), on a “reasonable best efforts” basis (the “Primary Offering”), and (ii) 6,000,000 shares of Series F Preferred Stock pursuant to our distribution reinvestment plan (the “DRIP”) to those holders of the Series F Preferred Stock who participated in such DRIP. Prior to the effectiveness of the Company’s Registration Statement on Form S-3 (File No. 333-277877) (the “2024 Registration Statement”), the Series F Preferred Stock was registered with the SEC pursuant to an automatic shelf registration statement on Form S-3 (File No. 333-268549), as amended and supplemented (the “2022 Registration Statement”), under the Securities Act of 1933, as amended, and was offered and sold pursuant to a prospectus supplement, dated February 9, 2023, and a base prospectus dated November 23, 2022 relating to the 2022 Registration Statement. During the years ended December 31, 2020, 2021 and 2022, the Series F Preferred Stock was registered with the SEC pursuant to a registration statement on Form S-3 (File No. 333-236143) (the “2020 Registration Statement”), and offered and sold pursuant to a prospectus supplement, dated February 20, 2020, and a base prospectus dated February 11, 2020.

Under the Dealer Manager Agreement, Gladstone Securities, as dealer manager, provided certain sales, promotional and marketing services to us in connection with the Offering, and we paid Gladstone Securities (i) selling commissions of 6.0% of the gross proceeds from sales of Series F Preferred Stock in the Primary Offering (the “Selling Commissions”), and (ii) a dealer manager fee of 3.0% of the gross proceeds from sales of Series F Preferred Stock in the Primary Offering (the “Dealer Manager Fee”). No Selling Commissions or Dealer Manager Fee are paid with respect to shares sold pursuant to the DRIP. Gladstone Securities had sole discretion to re-allow for payment of a portion of the Dealer Manager Fee to participating broker-dealers in support of the Offering. We did not pay fees to Gladstone Securities during the three and six months ended June 30, 2026 in connection with the Offering, as the Offering was terminated according to its terms on June 1, 2025. We paid fees of \$4,950 and \$0.03 million to Gladstone Securities during the three and six months ended June 30, 2025, respectively, in connection with the Offering.

3. Real Estate and Intangible Assets

Real Estate

The following table sets forth the components of our investments in real estate as of June 30, 2026 and December 31, 2025, respectively, excluding real estate held for sale (dollars in thousands):

	June 30, 2026	December 31, 2025
Real estate:		
Land (1)	\$ 153,385	\$ 150,873
Building and improvements	1,207,539	1,183,036
Tenant improvements	57,798	56,536
Accumulated depreciation	(381,606)	(359,513)
Real estate, net	<u>\$ 1,037,116</u>	<u>\$ 1,030,932</u>

(1) This amount includes \$2,711 of land value subject to land lease agreements which we may purchase at our option for a nominal fee.

Real estate depreciation expense on building and tenant improvements was \$11.1 million and \$22.1 million, respectively, for the three and six months ended June 30, 2026. Real estate depreciation expense on building and tenant improvements was \$10.5 million and \$20.3 million, respectively, for the three and six months ended June 30, 2025.

Acquisitions

We acquired one industrial property during the six months ended June 30, 2026, and we acquired ten industrial properties during the six months ended June 30, 2025. The acquisitions are summarized below (dollars in thousands):

Six Months Ended June 30, 2026						
Location	Aggregate Number of Properties (unaudited)	Acquisition Date	Aggregate Square Footage (unaudited)	Weighted Average Remaining Lease Term at Time of Acquisition	Aggregate Purchase Price	Aggregate Capitalized Acquisition Expenses
Newport News, VA	1	May 20, 2026	153,890	5.9 years	\$ 23,004	\$ 254

	10		874,871	14.3 years	\$ 153,067	\$ 867

We determined the fair value of assets acquired and liabilities assumed related to the properties acquired during the six months ended June 30, 2026 and 2025 as follows (dollars in thousands):

Acquired assets and liabilities	Six Months Ended June 30, 2026	Six Months Ended June 30, 2025
	Purchase price	Purchase price
Land	\$ 1,819	\$ 10,640 (1)

Above Market Leases	—	67
Below Market Leases	(116)	(2,115) (2)
Total Purchase Price	\$ 23,004	\$ 153,067

(1) The Dallas-Fort Worth, Texas property that we acquired is subject to a ground lease, therefore there is no land asset included on the condensed consolidated balance sheets.

(2) This amount includes \$250 of prepaid rent included in Other liabilities on the condensed consolidated balance sheets related to sale-leaseback acquisitions.

Land Acquisition

On June 25, 2026, we acquired a parcel of unimproved land adjacent to our Clintonville, Wisconsin property for \$0.7 million. The land will be used to construct an approximately 86,000 square foot expansion of the current facility.

Future Lease Payments

Future operating lease payments from tenants under non-cancelable leases, excluding tenant reimbursement of expenses, for the six months ending December 31, 2026 and each of the five succeeding fiscal years and thereafter is as follows (dollars in thousands):

Year	Tenant Lease Payments
Six Months Ending December 31, 2026	\$ 70,782
2027	127,283
2028	117,676
2029	111,603
2030	103,090
2031	94,893
Thereafter	500,849

In accordance with the lease terms, substantially all operating expenses are required to be paid by the tenant directly, or reimbursed to us by the tenant; however, we would be required to pay operating expenses on the respective properties in the event the tenants fail to pay them.

Lease Revenue Reconciliation

The table below sets forth the allocation of lease revenue between fixed contractual payments and variable lease payments for the three and six months ended June 30, 2026 and 2025, respectively (dollars in thousands):

Lease revenue reconciliation	For the three months ended June 30,			
	2026	2025	\$ Change	% Change
Fixed lease payments	\$ 38,911	\$ 34,328	\$ 4,583	13.4 %

Lease revenue reconciliation	For the six months ended June 30,			
	2026	2025	\$ Change	% Change
Fixed lease payments	\$ 75,637	\$ 66,775	\$ 8,862	13.3 %
Variable lease payments	10,261	10,259	2	— %
	<u>\$ 85,898</u>	<u>\$ 77,034</u>	<u>\$ 8,864</u>	<u>11.5 %</u>

Sales-Type Leases

There was no sales-type lease activity in the three and six months ended June 30, 2026. During the six months ended June 30, 2025, we had one lease classified as a sales-type lease. We recorded a sales-type lease receivable of \$18.5 million in the condensed consolidated balance sheets, net of \$0.02 million in allowance for credit loss. For the three and six months ended June 30, 2025, the interest income earned from sales-type leases of \$0.1 million and \$0.5 million, respectively, was included in other income in the condensed consolidated statements of operations. In developing the expected credit loss, we reviewed the tenant's credit rating, which is AA- stable, performed a collectability analysis, and confirmed they were current on payments as of June 30, 2025.

On April 1, 2025, the tenant exercised their purchase option provided in their lease agreement with us. The sale transaction was completed on April 30, 2025, resulting in the realization of the sales-type lease receivable from the condensed consolidated balance sheets. Refer to see Note 4, "Real Estate Dispositions, Held for Sale, and Impairment Charges" for additional detail.

Intangible Assets

The following table summarizes the carrying value of intangible assets, liabilities and the accumulated amortization for each intangible asset and liability class as of June 30, 2026 and December 31, 2025, respectively, excluding real estate held for sale (dollars in thousands):

	June 30, 2026		December 31, 2025	
	Lease Intangibles	Accumulated Amortization	Lease Intangibles	Accumulated Amortization
In-place leases	\$ 111,214	\$ (72,768)	\$ 109,960	\$ (69,932)

Above market leases	\$ 11,843	\$ (10,364)	\$ 11,843	\$ (10,135)
Below market leases and deferred revenue	(60,362)	43,477	(57,930)	40,739

Total amortization expense related to in-place leases, leasing costs and customer relationship lease intangible assets was \$8.8 million and \$7.7 million, respectively, for the three and six months ended June 30, 2026 and \$3.8 million and \$7.2 million, respectively, for the three and six months ended June 30, 2025, and is included in depreciation and amortization expense in the condensed consolidated statements of operations and comprehensive income.

Total amortization related to above-market lease values was \$0.1 million and \$0.2 million for the three and six months ended June 30, 2026, respectively, and \$0.1 million and \$0.2 million for the three and six months ended June 30, 2025, respectively, and is included in lease revenue in the condensed consolidated statements of operations and comprehensive income. Total amortization related to below-market lease values was \$1.2 million and \$2.7 million for the three and six months ended June 30, 2026, respectively, and \$1.6 million and \$3.2 million for the three and six months ended June 30, 2025, respectively, and is included in lease revenue in the condensed consolidated statements of operations and comprehensive income.

We acquired one industrial property during the six months ended June 30, 2026, and acquired ten industrial properties during the six months ended June 30, 2025. The weighted average amortization periods in years for the intangible assets acquired and liabilities assumed during the six months ended June 30, 2026 and 2025, were as follows:

Intangible Assets & Liabilities	June 30, 2026	June 30, 2025
In-place leases	5.9	13.9
Leasing costs	5.9	13.9
Customer relationships	5.9	18.6
Above market leases	0.0	19.4
Below market leases	5.9	10.7
All intangible assets & liabilities	5.9	15.1

4. Real Estate Dispositions, Held for Sale, and Impairment Charges

Real Estate Dispositions

During the six months ended June 30, 2026, we continued to execute our capital recycling program, under which we sell properties and redeploy proceeds to either fund property acquisitions in our target secondary growth markets, or repay outstanding debt. We expect to continue to execute our capital recycling plan and sell properties as reasonable disposition opportunities become available. We sold one property, located in Charlotte, North Carolina, and a portion of a land parcel, located in Ocala, Florida, during the six months ended June 30, 2026, which are summarized in the table below (dollars in thousands):

Aggregate Square Footage Sold	Aggregate Sales Price	Aggregate Sales Costs	Aggregate Gain on Sale of Real Estate, net
161,458	\$ 14,899	\$ 283	\$ 3,676

Our property disposition during the six months ended June 30, 2026 was not classified as discontinued operations because it did not represent a strategic shift in operations, nor will it have a major effect on our operations and financial results. Accordingly, the operating results of this property is included within continuing operations for all periods reported.

The table below summarizes the components of operating income from the property disposed of during the three and six months ended June 30, 2026 and 2025 (dollars in thousands):

	For the three months ended June 30,		For the six months ended June 30,	
	2026	2025	2026	2025
Operating revenue	\$ 2,325	\$ 213	\$ 2,513	\$ 425

Other income, net	1,894 (1)	—	1,894 (1)	—
Income from real estate and related assets sold	\$ 4,211	\$ 44	\$ 4,394	\$ 88

(1) Includes a \$1.9 million gain on sale of real estate, net, from one property sale.

We sold one property and completed the sale transaction related to one property during the six months ended June 30, 2025.

Real Estate Held for Sale

At June 30, 2026, we did not have any properties classified as held for sale. At December 31, 2025, we had one property classified as held for sale, located in Charlotte, North Carolina, and a portion of a land parcel held for sale, located in Ocala, Florida, both of which have been sold as described above.

The table below summarizes the components of the assets and liabilities held for sale at December 31, 2025, reflected on the accompanying condensed consolidated balance sheets (dollars in thousands):

	December 31, 2025
Assets Held for Sale	
Total real estate held for sale	\$ 10,428
Lease intangibles, net	832
Total Assets Held for Sale	\$ 11,260
Liabilities Held for Sale	
Deferred rent liability, net	\$ 397
Total Liabilities Held for Sale	\$ 397

Impairment Charges

We evaluated our portfolio for triggering events to determine if any of our held and used assets were impaired during the six months ended June 30, 2026 and did not recognize any impairment charge. We did not recognize any impairment charges on our held and used assets during the six months ended June 30, 2025. We recognized an impairment charge of \$0.01 million on our one held for sale asset during the six months ended June 30, 2025. In performing our held for sale assessment, the carrying value of this asset was above the fair value, less costs of sale. As a result, we impaired this property to equal the fair market value less costs of sale.

5. Mortgage Notes Payable, Credit Facility, and Senior Unsecured Notes

Our \$200.0 million unsecured revolving credit facility (“Revolver”), \$125.0 million term loan facility (“Term Loan A”), \$143.3 million term loan facility (“Term Loan B”), and \$131.7 million term loan facility (“Term Loan C”), are collectively referred to herein as the “Credit Facility”.

Our mortgage notes payable, Credit Facility, and senior unsecured notes as of June 30, 2026 and December 31, 2025 are summarized below (dollars in thousands):

(1) As of June 30, 2026, interest rates on our fixed rate mortgage notes payable varied from 2.80% to 6.10%.

(2) As of June 30, 2026, we had 36 mortgage notes payable with maturity dates ranging from October 5, 2026 through August 1, 2037.

(3) As of June 30, 2026, the Secured Overnight Financing Rate (“SOFR”) was approximately 3.68%.

(4) The weighted average interest rate on the mortgage notes outstanding as of June 30, 2026 was approximately 4.20%.

(5) The weighted average interest rate on all debt outstanding as of June 30, 2026 was approximately 5.04%.

(6) The amount we may draw under our Credit Facility is based on a percentage of the fair value of a combined pool of 108 unencumbered properties as of June 30, 2026.

N/A - Not Applicable

Mortgage Notes Payable

As of June 30, 2026, we had 36 mortgage notes payable, collateralized by a total of 42 properties with a net book value of \$407.5 million. We have limited recourse liabilities that could result from any one or more of the following circumstances: a borrower voluntarily filing for bankruptcy, improper conveyance of a property, fraud or material misrepresentation, misapplication or misappropriation of rents, security deposits, insurance proceeds or condemnation proceeds, or physical waste or damage to the property resulting from a borrower's gross negligence or willful misconduct. As of June 30, 2026, we did not have any mortgages subject to recourse. From time to time, we also indemnify lenders against claims resulting from the presence of hazardous substances or activity involving hazardous substances in violation of environmental laws on a property.

During the six months ended June 30, 2026, we repaid two mortgages, collateralized by two properties, which are summarized in the table below (dollars in thousands):

Aggregate Fixed Rate Debt Repaid	Weighted Average Interest Rate on Fixed Rate Debt Repaid
\$ 1,512	6.58%

During the six months ended June 30, 2026, we extended the maturity date of one mortgage, collateralized by two properties, which is summarized in the table below (dollars in thousands):

Fixed Rate Debt Extended	Interest Rate on Fixed Rate Debt Extended	Extension Term
\$ 7,771	3.78%	1.0 year

We did not make any payments for deferred financing costs during the three months ended June 30, 2026 and made payments of \$0.1 million for deferred financing costs during the six months ended June 30, 2026. We made payments of \$0.2 million for deferred financing costs during both the three and six months ended June 30, 2025.

Scheduled principal payments of mortgage notes payable for the six months ending December 31, 2026, and each of the five succeeding fiscal years and thereafter, are as follows (dollars in thousands):

Year	Scheduled Principal Payments
Six Months Ending December 31, 2026	\$ 21,618
2027	102,710
2028	37,415
2029	34,922
2030	33,529
2031	4,573
Thereafter	10,413
Total	\$ 245,180 (1)

(1) This figure does not include \$20,663 of premiums and (discounts), net, and \$1.1 million of deferred financing costs, which are reflected in mortgage notes payable, net on the condensed consolidated balance sheets.

We believe we will be able to address all mortgage notes payable maturing over the next 12 months through a combination of refinancing our existing indebtedness, cash from operations, proceeds from one or more equity offerings and availability on our Credit Facility.

The fair value of all mortgage notes payable outstanding as of June 30, 2026 was \$235.3 million, as compared to the carrying value stated above of \$244.1 million. The fair value is calculated based on a discounted cash flow analysis, using management's estimate of market interest rates on long-term debt with comparable terms and loan to value ratios. The fair value was calculated using Level 3 inputs of the hierarchy established by ASC 820, "Fair Value Measurements and Disclosures."

Interest Rate Cap and Interest Rate Swap Agreements

We have entered into interest rate swap agreements in which we hedged our exposure to variable interest rates by agreeing to pay fixed interest rates to our respective counterparty. We have adopted the fair value measurement provisions for our financial instruments recorded at fair value. The fair value guidance establishes a three-tier value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. Generally, we will estimate the fair value of our interest rate swaps, in the absence of observable market data, using estimates of value including estimated remaining life, counterparty credit risk, current market yield and interest rate spreads of similar securities as of the measurement date. At June 30, 2026, and December 31, 2025, our interest rate swaps were valued using Level 2 inputs.

We previously entered into interest rate cap agreements that capped the interest rate on certain variable-rate debt. All rate caps matured by March 2025. We recorded changes in the fair value of the interest rate cap agreements quarterly based on the current market valuations at quarter end. If the interest rate cap qualified for hedge accounting, then the change in the estimated fair value was recorded to accumulated other comprehensive income to the extent that it is effective, with any ineffective portion recorded to interest expense in our condensed consolidated statements of operations and comprehensive income. If the interest rate cap did not qualify for hedge accounting, or if it is determined the hedge was ineffective, then any change in the fair value was recognized in interest expense in our condensed consolidated statements of operations and comprehensive income.

We have entered into interest rate swap agreements in connection with certain of our mortgage financings and Credit Facility, whereby we will pay our counterparty a fixed interest rate on a monthly basis and receive payments from our counterparty equivalent to the stipulated floating rate. The fair value of our interest rate swap agreements is recorded in other assets or other liabilities on our accompanying condensed consolidated balance sheets. We have designated our interest rate swaps as cash flow hedges, and we record changes in the fair value of the respective interest rate swap agreement to accumulated other comprehensive income on the condensed consolidated balance sheets. We record changes in fair value on a quarterly basis, using current market valuations at quarter end. During the next 12 months, we estimate that an additional \$1.9 million will be reclassified out of accumulated other comprehensive income into interest expense in our condensed consolidated statements of operations and comprehensive income, as a reduction to interest expense. The following table summarizes our interest rate swaps at June 30, 2026 and December 31, 2025 (dollars in thousands):

Credit Facility

On August 18, 2022, we amended, extended and upsized our Credit Facility, increasing our Revolver from \$100.0 million to \$120.0 million (and extending its term to August 2026), adding the new \$140.0 million Term Loan C, decreasing the principal balance of Term Loan B to \$60.0 million and extending the maturity date of Term Loan A to August 2027. Term Loan C has a maturity date of February 18, 2028 and a SOFR spread ranging from 125 to 195 basis points, depending on our leverage. On September 27, 2022, we further increased the Revolver to \$125.0 million and Term Loan C to \$150.0 million, as permitted under the terms of the Credit Facility. We entered into multiple interest rate swap agreements on Term Loan C, which swap the interest rate to fixed rates from 3.15% to 3.75%. We incurred fees of approximately \$4.2 million in connection with amending, extending, and upsizing our Credit Facility. The net proceeds of the transaction were used to repay the then-outstanding borrowings on the Revolver, pay off mortgage debt, and fund acquisitions. The Credit Facility's bank syndicate was then comprised of KeyBank, Fifth Third Bank, The Huntington National Bank, Bank of America, Synovus Bank, United Bank, First Financial Bank, and S&T Bank.

On September 18, 2025, we amended our Credit Facility, increasing our Revolver from \$125.0 million to \$155.0 million. We incurred fees of approximately \$0.5 million in connection with the increase to our Credit Facility. The increased credit availability was used, in part, to fund a nine-property portfolio acquisition that closed on September 30, 2025.

On October 10, 2025, we amended, extended, and upsized our Credit Facility, increasing our Revolver from \$155.0 million to \$200.0 million (and its term to October 2029), decreasing the principal balance of Term Loan A from \$160.0 million to \$125.0 million (and extending its term to October 2029), increasing the principal balance of Term Loan B from \$60.0 million to \$143.3 million (and its term to February 2030), decreasing the principal balance of Term Loan C from \$150.0 million to \$131.7 million, and repaying the full principal balance of our \$20.0 million unsecured term loan ("Term Loan D"). The SOFR spread increased by 10 basis points, ranging from 140 to 210 basis points for the Revolver and 135 to 205 basis points for the Term Loans, depending on our leverage. We incurred fees of approximately \$4.2 million in connection with amending, extending, and upsizing our Credit Facility. The Credit Facility's new (and current) bank syndicate is comprised of KeyBank, Fifth Third Bank, The Huntington National Bank, Bank of America, Synovus Bank, PNC Bank, National Association ("PNC Bank"), Webster Bank, National Association ("Webster Bank"), and S&T Bank.

As of June 30, 2026, there was \$451.6 million outstanding under our Credit Facility, at a weighted average interest rate of approximately 5.09%, and \$4.2 million outstanding letters of credit, at a weighted average interest rate of 1.45%. As of June 30, 2026, the maximum additional amount we could draw under the Credit Facility was \$70.4 million. We were in compliance with all covenants under the Credit Facility as of June 30, 2026.

The amount outstanding under the Credit Facility approximates fair value as of June 30, 2026.

Unsecured Term Loan D

On May 30, 2025, the Operating Partnership entered into a Term Loan Agreement with KeyBank in connection with the \$20.0 million Term Loan D. Term Loan D was unsecured and had a maturity date of May 30, 2027 and a SOFR spread ranging from 155 to 200 basis points throughout the life of the loan. The proceeds from Term Loan D were used to pay down the Revolver. We repaid the full principal balance of Term Loan D in connection with the Credit Facility amendment that occurred on October 10, 2025.

Senior Unsecured Notes

On December 18, 2024, we and the Operating Partnership entered into a Note Purchase Agreement with the institutional investors named therein, to issue an aggregate \$75.0 million in senior unsecured notes in a private placement, at a fixed interest

rate of 6.47% and a maturity date of December 18, 2029 (the “2029 Notes”). The proceeds were used to pay down Term Loan B by \$20.0 million and the Revolver by \$55.0 million.

On December 15, 2025, we and the Operating Partnership entered into a Note Purchase Agreement with the institutional investors named therein, to issue an aggregate \$85.0 million in senior unsecured notes in a private placement, at a fixed interest rate of 5.99% and a maturity date of December 15, 2030 (the “2030 Notes”). The proceeds were used to repay the Revolver by \$80.3 million.

The fair value of the 2029 Notes outstanding as of June 30, 2026 was \$74.7 million, as compared to the carrying value stated above of \$74.2 million. The fair value of the 2030 Notes outstanding as of June 30, 2026 was \$82.6 million, as compared to the carrying value stated above of \$84.1 million. The fair value is calculated based on a discounted cash flow analysis, using management’s estimate of market interest rates on long-term debt with comparable terms and loan to value ratios. The fair value was calculated using Level 3 inputs of the hierarchy established by ASC 820, “Fair Value Measurements and Disclosures.”

6. Commitments and Contingencies

Ground Leases

We are obligated as lessee under four ground leases. Future minimum rental payments due under the terms of these leases for the six months ending December 31, 2026 and each of the five succeeding fiscal years and thereafter are as follows (dollars in thousands):

Year	Future Lease Payments Due Under Operating Leases
Six Months Ending December 31, 2026	\$ 231

2031	200
Thereafter	6,898
Total anticipated lease payments	\$ 7,899
Less: amount representing interest	(4,922)
Present value of lease payments	\$ 2,977

Rental expense incurred for properties with ground lease obligations during the three and six months ended June 30, 2026 was \$0.1 million and \$0.2 million, respectively. Rental expense incurred for properties with ground lease obligations during the three and six months ended June 30, 2025 was \$0.1 million and \$0.2 million, respectively. Three of our ground leases are treated as operating leases and rental expenses are reflected in property operating expenses on the condensed consolidated statements of operations and comprehensive income. One of our ground leases is treated as a finance lease and rental expense is reflected in interest expenses on the condensed consolidated statements of operations and comprehensive income. Our ground leases have a weighted average remaining lease term of 22.3 years and a weighted average discount rate of 5.81%.

Letters of Credit

As of June 30, 2026, there were \$4.2 million outstanding letters of credit related to mortgage requirements at our Maitland, Florida properties.

Recent Activity

Common Stock ATM Programs

On February 22, 2022, we entered into Amendment No. 1 to our At-the-Market Equity Offering Sales Agreement with sales agents Robert W. Baird & Co. Incorporated (“Baird”), Goldman Sachs & Co. LLC (“Goldman Sachs”), Stifel, Nicolaus & Company, Incorporated (“Stifel”), BTIG, LLC, and Fifth Third Securities, Inc. (“Fifth Third”), dated December 3, 2019 (together, the “Prior Common Stock Sales Agreement”). The amendment permitted shares of common stock to be issued pursuant to the Prior Common Stock Sales Agreement under the 2020 Registration Statement, and future registration statements on Form S-3. We terminated the Prior Common Stock Sales Agreement effective as of February 10, 2023, in connection with the expiration of the 2020 Registration Statement on February 11, 2023.

On March 3, 2023, we entered into an At-the-Market Equity Offering Sales Agreement (the “2023 Common Stock Sales Agreement”), with BofA Securities, Inc. (“BofA”), Goldman Sachs, Baird, KeyBanc Capital Markets Inc. (“KeyBanc”), and Fifth Third (collectively, the “Common Stock Sales Agents”). In connection with the 2023 Common Stock Sales Agreement, we filed prospectus supplements with the SEC dated March 3, 2023 and March 7, 2023, to the prospectus dated November 23, 2022, for the offer and sale of an aggregate offering amount of up to \$250.0 million of common stock.

On March 26, 2024, we entered into Amendment No. 1 to the 2023 Common Stock Sales Agreement (as amended from time to time, the “2024 Common Stock Sales Agreement”). The amendment permitted shares of common stock to be issued pursuant to the 2024 Common Stock Sales Agreement under the 2024 Registration Statement, and future registration statements on Form

S-3. In connection with the 2024 Common Stock Sales Agreement, we filed a prospectus supplement with the SEC dated March 26, 2024, to the prospectus dated March 21, 2024, for the offer and sale of an aggregate offering amount of \$250.0 million of common stock. On August 12, 2025, we entered into Amendment No. 2 (“Amendment No. 2”) to the 2024 Common Stock Sales Agreement which, among other things, (i) removed Baird as a Common Stock Sales Agent and (ii) added Huntington Securities, Inc. (“Huntington”) as a Common Stock Sales Agent. After giving effect to Amendment No. 2, the Common Stock Sales Agents are BofA, Goldman Sachs, KeyBanc, Fifth Third, and Huntington. During the six months ended June 30, 2026, we did not sell shares of common stock under the 2024 Common Stock Sales Agreement, as amended.

Mezzanine Equity

Our 6.625% Series E Cumulative Redeemable Preferred Stock (“Series E Preferred Stock”), and our 6.00% Series G Cumulative Redeemable Preferred Stock (“Series G Preferred Stock”) are classified as mezzanine equity in our condensed consolidated balance sheets because both are redeemable at the option of the stockholder upon a change of control of greater than 50%. A change in control of our Company, outside of our control, is only possible if a tender offer is accepted by over 90% of our stockholders. All other change in control situations would require input from our Board of Directors. In addition, our Series E Preferred Stock and Series G Preferred Stock are redeemable at the option of the applicable stockholder in the event a delisting event occurs. We will periodically evaluate the likelihood that a delisting event or change of control of greater than 50% will take place, and if we deem this probable, we will adjust the Series E Preferred Stock, and Series G Preferred Stock presented in mezzanine equity to their redemption value, with the offset to gain (loss) on extinguishment. We currently believe the likelihood of a change of control of greater than 50%, or a delisting event, is remote.

Universal Shelf Registration Statements

On March 13, 2024, we filed the 2024 Registration Statement, which was declared effective on March 21, 2024. The 2024 Registration Statement allows us to issue up to \$1.3 billion of securities and replaced the 2022 Registration Statement.

Series F Preferred Stock

On February 20, 2020, we filed Articles Supplementary with the Maryland Department of Assessments and Taxation (i) setting forth the rights, preferences and terms of the Series F Preferred Stock and (ii) reclassifying and designating 26,000,000 shares of our authorized and unissued shares of common stock as shares of Series F Preferred Stock. The reclassification decreased the number of shares classified as common stock from 86,290,000 shares immediately prior to the reclassification to 60,290,000 shares immediately after the reclassification.

The Primary Offering of our Series F Preferred Stock terminated according to its terms on June 1, 2025. We expensed \$0.3 million in prepaid offering costs due to the termination, which was included in general and administrative expenses in the condensed consolidated statements of operations.

Non-controlling Interest in Operating Partnership

As of June 30, 2026 and December 31, 2025, we owned approximately 99.9% and 99.9%, respectively, of the outstanding operating partnership units in the Operating Partnership (“OP Units”).

The Operating Partnership is required to make distributions on each OP Unit in the same amount as those paid on each share of our common stock, with the distributions on the OP Units held by us being utilized to make distributions to our common stockholders.

As of June 30, 2026 and December 31, 2025, there were 39,474 and 39,474 outstanding OP Units held by holders who do not control the Operating Partnership (“Non-controlling OP Unitholders”), respectively.

8. Earnings Per Share of Common Stock

The following tables set forth the computation of basic and diluted earnings per share of common stock for the three and six months ended June 30, 2026 and 2025. The OP Units held by Non-controlling OP Unitholders (which may be redeemed for shares of common stock) have been excluded from the diluted earnings per share calculations, as these would be anti-dilutive. Net income figures are presented net of non-controlling interests in the income per share calculation.

We computed basic earnings per share for the three and six months ended June 30, 2026 and 2025 using the weighted average number of shares outstanding during the respective periods. The diluted earnings per share for the three and six months ended June 30, 2026 and 2025 would reflect additional shares of common stock related to our convertible senior common stock (the “Senior Common Stock”), if the effect of conversion would be dilutive, that would have been outstanding if such dilutive potential shares of common stock had been issued, as well as an adjustment to net income available to common stockholders as applicable to common stockholders that would result from their assumed issuance (dollars in thousands, except per share amounts).

	For the three months ended June 30,		For the six months ended June 30,	
	2026	2025	2026	2025

Basic and diluted earnings per share of common stock	\$ 0.11	\$ 0.03	\$ 0.18	\$ 0.07

- (1) The weighted average number of OP Units held by Non-controlling OP Unitholders was 39,474 for both the three and six months ended June 30, 2026 and 2025.
- (2) We excluded convertible shares of Senior Common Stock of 321,933 and 328,559 from the calculation of diluted earnings per share for the three and six months ended June 30, 2026 and 2025, respectively, because these shares were anti-dilutive.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

All statements contained herein, other than historical facts, may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These statements may relate to, among other things, future events or our future performance or financial condition. In some cases, you can identify forward-looking statements by terminology such as "may," "might," "believe," "will," "provide," "anticipate," "future," "could," "growth," "plan," "intend," "expect," "should," "would," "if," "seek," "possible," "potential," "likely" or the negative of such terms or comparable terminology. These forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our business, financial condition, liquidity, results of operations, funds from operations or prospects to be materially different from any future business, financial condition, liquidity, results of operations, funds from operations or prospects expressed or implied by such forward-looking statements. For further information about these and other factors that could affect our future results, please see the captions titled "Forward-Looking Statements" and "Risk Factors" in this report and/or in our Annual Report on Form 10-K for the year ended December 31, 2025. We caution readers not to place undue reliance on any such forward-looking statements, which are made pursuant to the Private Securities Litigation Reform Act of 1995 and, as such, speak only as of the date made. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, after the date of this Quarterly Report on Form 10-Q.

This Quarterly Report includes statistical and other industry and market data that we obtained from industry publications and research, surveys and studies conducted by third parties. Industry publications and third-party research, surveys and studies generally indicate that their information has been obtained from sources believed to be reliable, although they do not guarantee the accuracy or completeness of such information. We have not independently verified the information contained in such sources.

All references to "we," "our," "us" and the "Company" in this Report mean Gladstone Commercial Corporation and its consolidated subsidiaries, except where otherwise noted or where the context indicates that the term means only Gladstone Commercial Corporation.

General

We are an externally advised real estate investment trust ("REIT") that was incorporated under the General Corporation Law of the State of Maryland on February 14, 2003. We focus on acquiring, owning, and managing primarily industrial and office properties. Our properties are geographically diversified and our tenants cover a broad cross section of business sectors and range in size from small to very large private and public companies, many of which are corporations that do not have publicly-rated debt. We have historically entered into, and intend in the future to enter into, purchase agreements primarily for real estate having net leases with remaining terms of approximately seven to 15 years and contractual rental rate increases. Under a net lease, the tenant is required to pay most or all operating, maintenance, repair, and insurance costs and real estate taxes with respect to the leased property.

We actively communicate with private equity funds, real estate brokers and other third parties to locate properties for potential acquisition or to provide mortgage financing in an effort to build our portfolio. We target secondary growth markets that possess favorable economic growth trends, diversified industries, and growing population and employment.

All references to annualized generally accepted accounting principles ("GAAP") rent are rents that each tenant pays in accordance with the terms of its respective lease reported evenly over the non-cancelable term of the lease.

As of August 5, 2026:

- we owned 152 properties totaling 17.8 million square feet of rentable space, located in 27 states;
- our occupancy rate was 98.9%;
- the weighted average remaining term of our mortgage debt was 2.1 years, and the weighted average interest rate was 4.20%;
- the weighted average remaining term of our senior unsecured notes was 3.9 years, and the weighted average interest rate was 6.22%; and
- the average remaining lease term of the portfolio was 7.1 years.

Business Environment

The second quarter of 2026 had a business environment that was resilient in the face of turbulent macroeconomic conditions, including conflict in the Middle East. After similar macroeconomic conditions in 2025 (marked by geopolitical conflict, inflation, and domestic policy uncertainty), businesses and consumers seem to have adjusted and continued with normal operations. With no Federal Reserve rate changes during the second quarter of 2026, the 10-year treasury yield increased modestly, moving from the 4.3% range to the 4.5% range during the quarter. Despite this uptick, businesses and consumers continue to press forward and make decisions, providing optimism for the remainder of the year so long as negative macroeconomic conditions do not escalate.

According to Colliers International Group, Inc. (“Colliers”), industrial real estate demand remained positive in the second quarter of 2026, with approximately 59.0 million square feet of net absorption recorded in the quarter, more than double the year-over-year total. Also, according to Colliers, the vacancy rate either declined or stabilized during the quarter in a majority of markets tracked, resulting in second quarter 2026 national industrial vacancy rate of 7.3%. This indicates that industrial market conditions have stabilized and may be past peak vacancy. National industrial rent growth remained essentially flat as coastal markets corrected from outsized rent growth during pandemic-era expansion and most markets entering a period of pricing stability. With vacancy leveling off and absorption remaining strong, rents are expected to remain stable through the remainder of 2026.

We collected 100% of all outstanding base rents for the six months ended June 30, 2026. We believe this reflects the strength of our credit underwriting and ongoing asset management. Our tenant base remains diversified, with limited exposure to tenants in the retail, hospitality, airlines, and oil and gas industries. Additionally, our properties are located across 27 states, which we believe helps limit our exposure to regional economic, regulatory, or weather-related risks in any one geographic market or area. In the past, we have received rent modification requests from certain of our tenants, and it is possible we may receive additional requests in the future.

During 2025, we continued to strengthen our balance sheet and liquidity position. In October 2025, we amended, extended, and upsized our Credit Facility from \$525.0 million to \$600.0 million, with an option to further increase the facility to \$850.0 million. Further, in December 2025, our Operating Partnership issued \$85.0 million in a private placement of the 5.99% 2030 Notes. We believe we currently have adequate liquidity in the near term, and believe that our cash on hand combined with the availability under our Credit Facility is sufficient to cover all near-term debt obligations and operating expenses and to continue our industrial property-focused growth strategy. We are in compliance with all of our debt covenants as of June 30, 2026. Based on market observations and conversations we routinely have with lenders, we believe that credit continues to be available for well-capitalized borrowers. We continue to monitor our portfolio and intend to maintain a reasonably conservative liquidity position for the foreseeable future.

Other Business Environment Considerations

Broader economic and geopolitical uncertainty continues to influence tenant decision making, particularly for industrial users evaluating supply chain resiliency, inventory strategy, and domestic production needs. Uncertainty surrounding the future path of monetary policy, including the change in Federal Reserve leadership in 2026, may contribute to volatility in interest rates and capital markets conditions. Geopolitical conflict, particularly in the Middle East, continues to create risk for global trade flows, energy markets, and supply chains. The Strait of Hormuz remains a critical global energy chokepoint, and the disruption to trade flows could impact energy prices, transportation costs, and overall economic activity. These dynamics may affect tenant operating costs and timing of leasing decisions.

At the same time, ongoing onshoring and reshoring initiatives in the U.S., supported by federal policy incentives and supply chain security considerations, continue to drive investment in domestic manufacturing and logistics infrastructure. While these trends may support long-term industrial demand, they typically require extended planning and capital investment and may take time to translate into leasing activity. These conditions create both risks and opportunities for us and our tenants, and we believe we are well capitalized and positioned to respond as market conditions evolve. Severe weather and climate-related events may impact certain markets; however, recent periods have resulted in no such related disruptions to our portfolio.

Operationally, we remain focused on maintaining high occupancy through lease renewals and releasing activity, managing upcoming lease expirations, and addressing upcoming debt maturities. Currently, we have six partially vacant buildings and no fully vacant buildings. Our available vacant space at June 30, 2026 represented 1.3% of our total square footage and the annual carrying costs on the vacant space, including real estate taxes and property operating expenses, are approximately \$2.5 million. We continue to actively seek new tenants for these properties.

We believe our lease expiration schedule for the remainder of 2026 is manageable, equating to 7.1% of our lease revenue at June 30, 2026. A majority of these expirations are currently in discussions for renewal, which we believe reduces near-term rollover risk. Property acquisitions since the beginning of 2021 have totaled \$499.7 million and all but one acquisition transaction was industrial in nature, with a weighted average lease term of 14.9 years at time of the acquisition and a weighted average lease term of 12.2 years at the time of this filing.

Our ability to make new investments depends on our access to capital and financing markets. Our principal sources of financing generally include the issuance of equity securities, long-term unsecured notes in the private placement market, long-term mortgage loans secured by properties, borrowings under our \$200.0 million senior unsecured revolving credit facility (“Revolver”), with KeyBank National Association (“KeyBank”), which matures in October 2029, our \$125.0 million term loan facility (“Term Loan A”), which matures in October 2029, our \$143.3 million term loan facility (“Term Loan B”), which matures in February 2030, our \$131.7 million term loan facility (“Term Loan C”) which matures in February 2028, our Operating Partnership’s \$75.0 million senior unsecured notes (the “2029 Notes”) which mature in December 2029, and our Operating Partnership’s \$85.0 million senior unsecured notes (the “2030 Notes”) which mature in December 2030. We refer to the Revolver, Term Loan A, Term Loan B, and Term Loan C collectively herein as the “Credit Facility”. While lending standards remain selective, we continue to look to private credit institutions, national and regional banks, insurance companies and non-bank lenders to finance our real estate activities.

Recent Developments

Sale Activity

During the six months ended June 30, 2026, we continued to execute our capital recycling program, whereby we sell properties and redeploy proceeds to either fund property acquisitions in our target secondary growth markets, or repay outstanding debt. We expect to continue to execute our capital recycling plan and sell properties as reasonable disposition opportunities become available. We sold one property, located in Charlotte, North Carolina, and a portion of a land parcel, located in Ocala, Florida, during the six months ended June 30, 2026, which are summarized in the table below (dollars in thousands):

Aggregate Square Footage Sold	Aggregate Sales Price	Aggregate Sales Costs	Aggregate Gain on Sale of Real Estate, net
161,458	\$ 14,899	\$ 283	\$ 3,676

Acquisition Activity

During the six months ended June 30, 2026, we acquired one industrial property, which is summarized below (dollars in thousands):

Aggregate Square Footage	Weighted Average Remaining Lease Term at Time of Acquisition	Aggregate Purchase Price	Aggregate Capitalized Acquisition Expenses	Aggregate Annualized GAAP Fixed Lease Payments
153,890	5.9 years	\$ 23,004	\$ 254	\$ 1,538

On July 28, 2026, we purchased a 146,650 square foot industrial property in Red Bud, Illinois for \$6.6 million. This property is fully leased to one tenant on an 8.4 year lease.

Land Acquisition

On June 25, 2026, we acquired a parcel of unimproved land adjacent to our Clintonville, Wisconsin property for \$0.7 million. The land will be used to construct an approximately 86,000 square foot expansion of the current facility.

Leasing Activity

During the six months ended June 30, 2026, we executed eight leases, which are summarized below (dollars in thousands):

Aggregate Square Footage	Weighted Average Remaining Lease Term	Aggregate Annualized GAAP Fixed Lease Payments	Aggregate Tenant Improvement	Aggregate Leasing Commissions
966,057	5.6 years	\$ 8,853	\$ 4,268	\$ 1,186

During the six months ended June 30, 2026, we had two lease terminations, which are summarized below (dollars in thousands):

Aggregate Square Footage Reduced	Square Footage Remaining	Aggregate Accelerated Rent	Aggregate Accelerated Rent Recognized through June 30, 2026
85,230	14,513	\$ 1,580	\$ —

Financing Activity

During the six months ended June 30, 2026, we repaid two mortgages, collateralized by two properties, which are summarized in the table below (dollars in thousands):

Aggregate Fixed Rate Debt Repaid	Weighted Average Interest Rate on Fixed Rate Debt Repaid
\$ 1,512	6.58%

During the six months ended June 30, 2026, we extended the maturity date of one mortgage, collateralized by two properties, which is summarized in the table below (dollars in thousands):

Fixed Rate Debt Extended	Interest Rate on Fixed Rate Debt Extended	Extension Term
\$ 7,771	3.78%	1.0 year

Election of Director

Effective June 1, 2026, George “Chip” Stelljes, III was elected to our Board of Directors, where he was also appointed to serve on the Compensation Committee, the Ethics, Nominating & Corporate Governance Committee, and the Valuation Committee.

Equity Activities

Common Stock ATM Programs

On February 22, 2022, we entered into Amendment No. 1 to our At-the-Market Equity Offering Sales Agreement with sales agents Robert W. Baird & Co. Incorporated (“Baird”), Goldman Sachs & Co. LLC (“Goldman Sachs”), Stifel, Nicolaus & Company, Incorporated (“Stifel”), BTIG, LLC, and Fifth Third Securities, Inc. (“Fifth Third”), dated December 3, 2019 (together, the “Prior Common Stock Sales Agreement”). The amendment permitted shares of common stock to be issued pursuant to the Prior Common Stock Sales Agreement under the Company’s Registration Statement on Form S-3 (File No. 333-236143) (the “2020 Registration Statement”), and future registration statements on Form S-3. We terminated the Prior Common Stock Sales Agreement effective as of February 10, 2023 in connection with the expiration of the 2020 Registration Statement on February 11, 2023.

On March 3, 2023, we entered into an At-the-Market Equity Offering Sales Agreement (the “2023 Common Stock Sales Agreement”), with BofA Securities, Inc. (“BofA”), Goldman Sachs, Baird, KeyBanc Capital Markets Inc. (“KeyBanc”), and Fifth Third (collectively, the “Common Stock Sales Agents”). In connection with the 2023 Common Stock Sales Agreement, we filed prospectus supplements with the SEC dated March 3, 2023 and March 7, 2023, to the prospectus dated November 23, 2022, for the offer and sale of an aggregate offering amount of \$250.0 million of common stock.

On March 26, 2024, we entered into Amendment No. 1 to the 2023 Common Stock Sales Agreement (as amended time to time, the “2024 Common Stock Sales Agreement”). The amendment permitted shares of common stock to be issued pursuant to the

2024 Common Stock Sales Agreement under the Company's Registration Statement on Form S-3 (File No. 333-277877) (the "2024 Registration Statement"), and future registration statements on Form S-3. In connection with the 2024 Common Stock Sales Agreement, we filed a prospectus supplement with the SEC dated March 26, 2024, to the prospectus dated March 21, 2024, for the offer and sale of an aggregate offering amount of \$250.0 million of common stock. On August 12, 2025, we entered into Amendment No. 2 ("Amendment No. 2") to the 2024 Common Stock Sales Agreement which, among other things, (i) removed Baird as a Common Stock Sales Agent and (ii) added Huntington Securities, Inc. ("Huntington") as a Common Stock Sales Agent. After giving effect to Amendment No. 2, the Common Stock Sales Agents are BofA, Goldman Sachs, KeyBanc, Fifth Third, and Huntington. During the six months ended June 30, 2026, we did not sell shares of common stock under the 2024 Common Stock Sales Agreement, as amended.

Universal Shelf Registration Statement

On March 13, 2024, we filed the 2024 Registration Statement, which was declared effective on March 21, 2024. The 2024 Registration Statement allows us to issue up to \$1.3 billion of securities and replaced the 2022 Registration Statement.

Series F Preferred Stock Continuous Offering

On February 20, 2020, we filed Articles Supplementary with the Maryland Department of Assessments and Taxation (i) setting forth the rights, preferences and terms of the 6.00% Series F Cumulative Redeemable Preferred Stock, par value \$0.001 per share, (the "Series F Preferred Stock") and (ii) reclassifying and designating 26,000,000 shares of our authorized and unissued shares of common stock as shares of Series F Preferred Stock. The reclassification decreased the number of shares classified as common stock from 86,290,000 shares immediately prior to the reclassification to 60,290,000 shares immediately after the reclassification.

The primary offering of our Series F Preferred Stock terminated according to its terms on June 1, 2025. We expensed \$0.3 million in prepaid offering costs due to the termination.

Non-controlling Interest in Operating Partnership

Gladstone Commercial Corporation conducts substantially all of its operations through a subsidiary, Gladstone Commercial Limited Partnership, a Delaware limited partnership (the "Operating Partnership"). As of June 30, 2026 and December 31, 2025, we owned approximately 99.9% and 99.9%, respectively, of the outstanding operating partnership units in the Operating Partnership ("OP Units").

As of June 30, 2026 and December 31, 2025, there were 39,474 and 39,474 outstanding OP Units held by holders who do not control the Operating Partnership ("Non-controlling OP Unitholders"), respectively.

Diversity of Our Portfolio

Gladstone Management Corporation, a Delaware corporation (our “Adviser”), seeks to diversify our portfolio to avoid dependence on any one particular tenant, industry or geographic market. By diversifying our portfolio, our Adviser intends to reduce the adverse effect on our portfolio of a single under-performing investment or a downturn in any particular industry or geographic market. For the six months ended June 30, 2026, our largest tenant comprised only 5.0% of total lease revenue. The table below reflects the breakdown of our total lease revenue by tenant industry classification for the three and six months ended June 30, 2026 and 2025 (dollars in thousands):

Our Adviser and Administrator

Our Adviser is led by a management team with extensive experience purchasing real estate and originating mortgage loans. Our Adviser and Gladstone Administration, LLC, a Delaware limited liability company (our “Administrator”) are controlled by Mr. David Gladstone, who is also our chairman. Mr. Gladstone also serves as the chairman and chief executive officer of both our Adviser and Administrator. Mr. Arthur “Buzz” Cooper, our chief executive officer and president, also serves as executive vice president of commercial and industrial real estate of our Adviser. Mr. John Sateri, our chief investment officer, also serves in the same role for our Adviser. Our Administrator employs our chief financial officer, treasurer, chief compliance officer, chief administrative officer, co-general counsels, co-secretaries, and their respective staffs. Mr. Michael LiCalsi, our chief administrative officer, co-general counsel, and co-secretary, also serves in the same roles for our Adviser and Administrator (in addition to serving as president of our Administrator). Mr. Erich Hellmold, our co-general counsel and co-secretary, also serves in the same roles for our Adviser and Administrator.

Our Adviser and Administrator also provide investment advisory and administrative services, respectively, to certain of our affiliates, including, but not limited to, Gladstone Capital Corporation and Gladstone Investment Corporation, both publicly-traded business development companies, Gladstone Land Corporation, a publicly-traded REIT that primarily invests in farmland, and Gladstone Alternative Income Fund, a non-diversified, closed-end management company that operates as an “interval fund” that is also our affiliate. With the exception of Mr. Gary Gerson, our chief financial officer, Mr. Jay Beckhorn, our treasurer, and Mr. Cooper, all of our executive officers and all of our directors serve as either directors or executive officers, or both, of Gladstone Capital Corporation, Gladstone Investment Corporation, and Gladstone Alternative Income Fund. In addition, with the exception of Messrs. Cooper and Gerson, all of our executive officers and all of our directors, serve as either directors or executive officers, or both, of Gladstone Land Corporation. Messrs. Cooper and Gerson generally spend all of their

time focused on the Company, and do not put forth any material efforts in assisting affiliated companies. In the future, our Adviser may provide investment advisory services to other companies, both public and private.

Advisory and Administration Agreements

We are externally managed pursuant to contractual arrangements with our Adviser and our Administrator, which collectively employ all of our personnel and pay their salaries, benefits, and general expenses directly. Both our Adviser and Administrator are affiliates of ours, as their parent company is owned and controlled by Mr. David Gladstone, our chairman. We have entered into an advisory agreement with our Adviser, as amended from time to time (the “Advisory Agreement”), and an administration agreement with our Administrator (the “Administration Agreement”). The services and fees under the Advisory Agreement and Administration Agreement are described below.

Under the terms of the Advisory Agreement, we are responsible for all expenses incurred for our direct benefit. Examples of these expenses include legal, accounting, interest, directors’ and officers’ insurance, stock transfer services, stockholder-related fees, consulting and related fees. In addition, we are also responsible for all fees charged by third parties that are directly related to our business, which include real estate brokerage fees, mortgage placement fees, lease-up fees and transaction structuring fees (although we may be able to pass all or some of such fees on to our tenants and borrowers). Our entrance into the Advisory Agreement and each amendment thereto has been approved unanimously by our Board of Directors. Our Board of Directors reviews and considers renewing the agreement with our Adviser annually, typically during the month of July. During its July 2026 meeting, our Board of Directors reviewed and renewed the Advisory Agreement and the Administration Agreement for an additional year, through August 31, 2027.

Base Management Fee

The base management fee is payable quarterly in arrears and calculated at an annual rate of 0.425% (0.10625% per quarter) of the prior calendar quarter’s “Gross Tangible Real Estate,” defined in the Advisory Agreement as the current gross value of our property portfolio (meaning the aggregate of each property’s original acquisition price plus the cost of any subsequent capital improvements thereon).

Our Adviser does not charge acquisition or disposition fees when we acquire or dispose of properties as is common in other externally managed REITs; however, our Adviser may earn fee income from our borrowers, tenants or other sources.

Incentive Fee

Pursuant to the Advisory Agreement, the calculation of the incentive fee rewards the Adviser in circumstances where our quarterly Core FFO (defined at the end of this paragraph), before giving effect to any incentive fee, or pre-incentive fee Core FFO, exceeds 2.0% quarterly, or 8.0% annualized, of adjusted total equity (after giving effect to the base management fee but before giving effect to the incentive fee). We refer to this as the new hurdle rate. The Adviser will receive 15.0% of the amount of our pre-incentive fee Core FFO that exceeds the new hurdle rate. However, in no event shall the incentive fee for a particular quarter exceed by 15.0% (the cap) the average quarterly incentive fee paid by us for the previous four quarters (excluding quarters for which no incentive fee was paid). Core FFO (as defined in the Advisory Agreement) is GAAP net income (loss) available (attributable) to common stockholders, excluding the incentive fee, depreciation and amortization, any realized and unrealized gains, losses or other non-cash items recorded in net income (loss) available (attributable) to common stockholders for the period, and one-time events pursuant to changes in GAAP.

On July 11, 2023, we amended and restated the Advisory Agreement by entering into the Eighth Amended Advisory Agreement, as approved unanimously by our Board of Directors, including specifically, our independent directors. The Eighth Amended Advisory Agreement clarified that for any future quarter whereby an incentive fee would exceed by greater than 15% the average quarterly incentive fee paid, the measurement would be versus the last four quarters where an incentive fee was actually paid. The calculation of the other fees was unchanged.

Capital Gain Fee

Under the Advisory Agreement, we will pay to the Adviser a capital gain-based incentive fee that will be calculated and payable in arrears as of the end of each fiscal year (or upon termination of the Advisory Agreement). In determining the capital gain fee, we will calculate aggregate realized capital gains and aggregate realized capital losses for the applicable time period. For this purpose, aggregate realized capital gains and losses, if any, equals the realized gain or loss calculated by the difference between the sales price of the property, less any costs to sell the property and the current gross value of the property (equal to the property’s original acquisition price plus any subsequent non-reimbursed capital improvements) of the disposed property.

At the end of the fiscal year, if this number is positive, then the capital gain fee payable for such time period shall equal 15.0% of such amount. No capital gain fee was recognized during the three and six months ended June 30, 2026 or 2025.

Termination Fee

The Advisory Agreement includes a termination fee clause whereby, in the event of our termination of the agreement without cause (with 120 days' prior written notice and the vote of at least two-thirds of our independent directors), a termination fee would be payable to the Adviser equal to two times the sum of the average annual base management fee and incentive fee earned by the Adviser during the 24-month period prior to such termination. A termination fee is also payable if the Adviser terminates the agreement after the Company has defaulted and applicable cure periods have expired. The agreement may also be terminated for cause by us (with 30 days' prior written notice and the vote of at least two-thirds of our independent directors), with no termination fee payable. Cause is defined in the Advisory Agreement to include if the Adviser breaches any material provisions of the agreement, the bankruptcy or insolvency of the Adviser, dissolution of the Adviser and fraud or misappropriation of funds.

Administration Agreement

Under the terms of the Administration Agreement, we pay separately for our allocable portion of our Administrator's overhead expenses in performing its obligations to us including, but not limited to, rent and our allocable portion of the salaries and benefits expenses of our Administrator's employees, including, but not limited to, our chief financial officer, treasurer, chief compliance officer, chief administrative officer, co-general counsels and co-secretaries (one of whom also serves as our Administrator's president), and their respective staffs. Our allocable portion of the Administrator's expenses are generally derived by multiplying our Administrator's total expenses by the approximate percentage of time the Administrator's employees perform services for us in relation to their time spent performing services for all companies serviced by our Administrator under contractual agreements.

Significant Accounting Policies and Estimates

The preparation of our financial statements in accordance with GAAP requires management to make judgments that are subjective in nature to make certain estimates and assumptions. Application of these accounting policies involves the exercise of judgment regarding the use of assumptions as to future uncertainties, and as a result, actual results could materially differ from these estimates. A summary of all of our significant accounting policies is provided in Note 1 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2025, filed by us with the U.S. Securities and Exchange Commission (the "SEC") on February 18, 2026 (our "2025 Form 10-K"). There were no material changes to our critical accounting policies or estimates during the six months ended June 30, 2026.

Results of Operations

The weighted average yield on our total portfolio, which was 8.4% and 8.5% as of June 30, 2026 and 2025, respectively, is calculated by taking the annualized straight-line rents plus operating expense recoveries, reflected as lease revenue on our condensed consolidated statements of operations and other comprehensive income, less property operating expenses, of each acquisition since inception, as a percentage of the acquisition cost plus subsequent capital improvements. The weighted average yield does not account for the interest expense incurred on the mortgages placed on our properties or other types of existing indebtedness.

Same Store Analysis

For the purposes of the following discussion, “same store properties” are properties we owned as of January 1, 2025, which have not been subsequently vacated or disposed of. “Acquired & disposed properties” are properties which were acquired, disposed of or classified as held for sale at any point subsequent to December 31, 2024. “Properties with vacancy” are properties that were fully vacant or had greater than 5.0% vacancy, based on square footage, at any point subsequent to December 31, 2024.

	<u>\$ 85,898</u>	<u>\$ 77,034</u>	<u>\$ 8,864</u>	<u>11.5 %</u>

Lease revenues consist of rental income and operating expense recoveries earned from our tenants. Lease revenues from same store properties increased for the three and six months ended June 30, 2026, as compared to the three and six months ended June 30, 2025, due to an increase in recovery revenue from property expenses and an increase in rental rates from leasing activity subsequent to the six months ended June 30, 2025. Lease revenues increased for acquired and disposed of properties for the three and six months ended June 30, 2026, as compared to the three and six months ended June 30, 2025, primarily due to lease revenue from the 10 properties acquired subsequent to June 30, 2025. This was coupled with a termination fee recognized on the property sold during the three months ended June 30, 2026. Lease revenues decreased for our properties with vacancy for the three and six months ended June 30, 2026, as compared to the three and six months ended June 30, 2025, mainly due to a decrease in recovery revenue from lower property expenses.

Operating Expenses

Depreciation and amortization expense increased for the three and six months ended June 30, 2026, as compared to the three and six months ended June 30, 2025, due to an increase in depreciation and amortization expense on the 10 properties acquired subsequent to June 30, 2025, partially offset by the reduced depreciation and amortization expense from the two property sales subsequent to June 30, 2025.

Property operating expenses consist of franchise taxes, property management fees, insurance, ground lease payments, property maintenance and repair expenses paid on behalf of certain of our properties. The increase in property operating expenses for same store properties for the three and six months ended June 30, 2026, from the comparable 2025 period, was a result of general cost increases due to the inflationary environment and increased property maintenance expenses during the three and six

months ended June 30, 2026. The increase in property operating expenses for acquired and disposed of properties for the three and six months ended June 30, 2026, from the comparable 2025 period, is a result of an increase in property operating expenses from the 10 properties acquired subsequent to June 30, 2025, partially offset by lower property operating expenses at the two properties sold subsequent to June 30, 2025. The decrease in property operating expenses for properties with vacancy for the three and six months ended June 30, 2026, as compared to the three and six months ended June 30, 2025, is mainly due to a decrease in overall property expenses at vacant properties.

The base management fee paid to the Adviser increased for the three and six months ended June 30, 2026, as compared to the three and six months ended June 30, 2025, due to an increase in Gross Tangible Real Estate over the three and six months ended June 30, 2026 from property acquisitions as compared to Gross Tangible Real Estate during the three and six months ended June 30, 2025. The calculation of the base management fee is described in detail above under the subheading *“Advisory and Administration Agreements.”*

The net incentive fee paid to the Adviser increased for the three months ended June 30, 2026, as compared to the three months ended June 30, 2025, due to the Adviser unconditionally waiving only a portion of the incentive fee for the three months ended June 30, 2026, but waiving the full incentive fee for the three months ended June 30, 2025. The net incentive fee paid to the Adviser decreased for the six months ended June 30, 2026, as compared to the six months ended June 30, 2025, due to a lower gross incentive fee calculated for the six months ended June 30, 2026. The calculation of the incentive fee is described in detail above under the subheading *“Advisory and Administration Agreements.”*

The administration fee paid to the Administrator increased slightly for the three and six months ended June 30, 2026, as compared to the three and six months ended June 30, 2025, due to our Administrator allocating a larger portion of expenses to us. The calculation of the administration fee is described in detail above under the subheading *“Advisory and Administration Agreements.”*

General and administrative expenses decreased for the three and six months ended June 30, 2026, as compared to the three and six months ended June 30, 2025, mainly due to expensing Series F Preferred Stock prepaid offering costs in the prior period following the termination of the primary offering.

Other Income and Expenses

Interest expense increased for the three and six months ended June 30, 2026, as compared to the three and six months ended June 30, 2025. This increase was primarily the result of increased interest costs on variable rate debt, as a result of larger amounts drawn on the Credit Facility, as well as new interest expense on the 2030 Notes.

We sold one property and a portion of a land parcel during the six months ended June 30, 2026, and as a result, incurred a gain on sale of real estate, net. We sold one office property during the six months ended June 30, 2025, and as a result, incurred a gain on sale of real estate, net.

We recognized other income during the three months ended June 30, 2026 and other expense during the six months ended June 30, 2026, due to nonrecurring items that occurred during the periods. We recognized other expense during the three months ended June 30, 2025, due to incurring closing costs associated with the completion of the sale transaction at our Tifton, Georgia property and recognized other income during the six months ended June 30, 2025 due to interest income earned from sales-types leases and nonrecurring income items.

Net Income Available to Common Stockholders and Non-controlling OP Unitholders

Net income available to common stockholders and Non-controlling OP Unitholders increased for the three and six months ended June 30, 2026, as compared to the three and six months ended June 30, 2025, primarily due to an increase in rental rates from leasing and acquisition activity, a termination fee recognized in the current period, and a higher gain on sale, net. This was partially offset by an increase in interest expense, an increase in depreciation expense from acquisition activity, and other income recognized in the prior period from sales-types leases.

Liquidity and Capital Resources

Overview

Our sources of liquidity include cash flows from operations, cash and cash equivalents, borrowings under our Credit Facility, and additional issuances of equity and/or debt securities. Our available liquidity as of June 30, 2026 was \$80.8 million, consisting of approximately \$10.4 million in cash and cash equivalents and available borrowing capacity of \$70.4 million under our Credit Facility. Our available borrowing capacity under the Credit Facility decreased to \$68.8 million as of August 5, 2026.

Future Capital Needs

We actively seek conservative investments that we expect are likely to produce income to allow us to pay distributions to our stockholders and Non-controlling OP Unitholders. We intend to use the proceeds received from future equity raised and debt capital borrowed to continue to invest in industrial properties, which is our strategic focus, or to a lesser extent, office real property, or pay down outstanding borrowings under our Revolver. Accordingly, to ensure that we are able to effectively execute our business strategy, we routinely review our liquidity requirements and continually evaluate all potential sources of liquidity. Our short-term liquidity needs include proceeds necessary to fund our distributions to stockholders and Non-controlling OP Unitholders, pay the debt service costs on our existing long-term mortgages, bank debt, and long-term private debt, refinance maturing debt and fund our current operating costs. Our long-term liquidity needs include proceeds necessary to grow and maintain our portfolio of investments.

We believe that our available liquidity is sufficient to fund our distributions to stockholders and Non-controlling OP Unitholders, pay debt service costs, and fund our current operating costs in the near term. We also believe we will be able to refinance our mortgage debt, bank debt, and long-term private debt as they mature. Additionally, to satisfy our short-term obligations, we may request credits to our management fees that are issued from our Adviser, although our Adviser is under no obligation to provide any such credits, either in whole or in part. We further believe that our cash flows from operations coupled with the financing capital available to us in the future are sufficient to fund our long-term liquidity needs.

Equity Capital

During the six months ended June 30, 2026, we did not sell any common equity under the 2024 Common Stock Sales Agreement.

As of August 5, 2026, we had the ability to raise up to \$1.0 billion of additional equity capital through the sale and issuance of securities that are registered under the 2024 Registration Statement, in one or more future public offerings. We expect to use our 2024 Common Stock Sales Agreement as a source of liquidity, if needed, for the remainder of 2026.

Debt Capital

As of June 30, 2026, we had 36 mortgage notes payable in the aggregate principal amount of \$245.2 million, collateralized by a total of 42 properties with a remaining weighted average maturity of 2.2 years. The weighted-average interest rate on the mortgage notes payable as of June 30, 2026 was 4.20%.

We continue to see banks and other non-bank lenders willing to issue mortgages for properties comparable to those held in our portfolio on terms that are commercially reasonable.

As of June 30, 2026, we had mortgage debt in the aggregate principal amount of \$21.6 million payable during the remainder of 2026 and \$102.7 million payable during 2027. The 2026 principal amount payable includes both amortizing principal payments and three balloon principal payments. We anticipate being able to refinance our mortgages that come due during 2026 and 2027 with a combination of new mortgage debt, availability under our Credit Facility, the issuance of long-term unsecured notes in the private placement market, the issuance of additional equity securities under our 2024 Common Stock Sales Agreement, the sale and issuance of other equity securities that are registered under the 2024 Registration Statement, or the sale and issuance of unregistered equity or debt securities.

Operating Activities

Net cash provided by operating activities during the six months ended June 30, 2026, was \$35.5 million, as compared to net cash provided by operating activities of \$53.5 million for the six months ended June 30, 2025. The majority of cash from operating activities is generated from the lease revenues that we receive from our tenants. We utilize this cash to fund our property-level operating expenses and use the excess cash primarily for debt and interest payments on our mortgage notes payable, interest payments on our Credit Facility, distributions to our stockholders and Non-controlling OP Unitholders, management fees to our Adviser, Administration fees to our Administrator, and other entity-level operating expenses.

Investing Activities

Net cash used in investing activities during the six months ended June 30, 2026, was \$11.0 million, which primarily consisted of one property acquisition, a land parcel acquisition, and capital improvements performed at certain of our properties, partially offset by proceeds from one property sale and the sale of a portion of a land parcel. Net cash used in investing activities during the six months ended June 30, 2025, was \$155.5 million, which primarily consisted of ten property acquisitions and capital improvements performed at certain of our properties, partially offset by proceeds from one property sale.

Financing Activities

Net cash used in financing activities during the six months ended June 30, 2026, was \$25.3 million, which primarily consisted of \$6.4 million of mortgage principal repayments, Series F Preferred Stock redemptions, and distributions paid to common, senior common, and preferred stockholders, partially offset by net borrowings on our credit facility and receipts from lender reserves. Net cash provided by financing activities for the six months ended June 30, 2025, was \$102.8 million, which primarily consisted of the issuance of \$39.0 million of equity, net borrowings on our Credit Facility, and \$20.0 million in borrowings on Term Loan D, partially offset by \$12.0 million of mortgage principal repayments and distributions paid to common, senior common, and preferred stockholders.

Credit Facility

On August 18, 2022, we amended, extended and upsized our Credit Facility, increasing our Revolver from \$100.0 million to \$120.0 million (and extending its term to August 2026), adding the new \$140.0 million Term Loan C, decreasing the principal balance of Term Loan B to \$60.0 million and extending the maturity date of Term Loan A to August 2027. Term Loan C has a maturity date of February 18, 2028 and a SOFR spread ranging from 125 to 195 basis points, depending on our leverage. On September 27, 2022, we further increased the Revolver to \$125.0 million and the Term Loan C to \$150.0 million, as permitted under the terms of the Credit Facility. We entered into multiple interest rate swap agreements on Term Loan C, which swap the interest rate to fixed rates from 3.15% to 3.75%. We incurred fees of approximately \$4.2 million in connection with amending, extending, and upsizing our Credit Facility. The net proceeds of the transaction were used to repay the then-outstanding borrowings on the Revolver, pay off mortgage debt, and fund acquisitions. The Credit Facility's bank syndicate was then comprised of KeyBank, Fifth Third Bank, The Huntington National Bank, Bank of America, Synovus Bank, United Bank, First Financial Bank, and S&T Bank.

On September 18, 2025, we amended our Credit Facility, increasing our Revolver from \$125.0 million to \$155.0 million. We incurred fees of approximately \$0.5 million in connection with the increase to our Credit Facility. The increased credit availability was used, in part, to fund a nine-property portfolio acquisition that closed on September 30, 2025.

On October 10, 2025, we amended, extended, and upsized our Credit Facility, increasing our Revolver from \$155.0 million to \$200.0 million (and its term to October 2029), decreasing the principal balance of Term Loan A from \$160.0 million to \$125.0 million (and extending its term to October 2029), increasing the principal balance of Term Loan B from \$60.0 million to \$143.3 million (and its term to February 2030), decreasing the principal balance of Term Loan C from \$150.0 million to \$131.7 million, and repaying the full principal balance of our \$20.0 million unsecured term loan ("Term Loan D"). The SOFR spread increased by 10 basis points, ranging from 140 to 210 basis points for the Revolver and 135 to 205 basis points for the Term Loans, depending on our leverage. We incurred fees of approximately \$4.2 million in connection with amending, extending, and upsizing our Credit Facility. The Credit Facility's new (and current) bank syndicate is comprised of KeyBank, Fifth Third Bank, The Huntington National Bank, Bank of America, Synovus Bank, PNC Bank, National Association ("PNC Bank"), Webster Bank, National Association ("Webster Bank"), and S&T Bank.

As of June 30, 2026, there was \$451.6 million outstanding under our Credit Facility at a weighted average interest rate of approximately 5.09% and \$4.2 million outstanding letters of credit, at a weighted average interest rate of 1.45%. As of August 5, 2026, the maximum additional amount we could draw under the Credit Facility was \$68.8 million. We were in compliance with all covenants under the Credit Facility as of June 30, 2026.

Unsecured Term Loan D

On May 30, 2025, the Operating Partnership entered into a Term Loan Agreement with KeyBank, in connection with the \$20.0 million Term Loan D. Term Loan D is unsecured and has a maturity date of May 30, 2027 and a SOFR spread ranging from 155 to 200 basis points throughout the life of the loan. The proceeds from Term Loan D were used to pay down the Revolver. We repaid the full principal balance of Term Loan D in connection with the Credit Facility amendment that occurred on October 10, 2025.

Senior Unsecured Notes

On December 18, 2024, we and the Operating Partnership entered into a Note Purchase Agreement with the institutional investors named therein, in connection with a private placement of \$75.0 million of the 2029 Notes. The proceeds were used to pay down Term Loan B by \$20.0 million and the Revolver by \$55.0 million.

On December 15, 2025, we and the Operating Partnership entered into a Note Purchase Agreement with the institutional investors named therein, in connection with a private placement of \$85.0 million of the 2030 Notes. The proceeds were used to repay the Revolver by \$80.3 million.

Contractual Obligations

The following table reflects our material contractual obligations as of June 30, 2026 (dollars in thousands):

Contractual Obligations	Payments Due by Period				
	Total	Less than 1 Year	1-3 Years	3-5 Years	More than 5 Years
Debt Obligations (1)	\$ 856,750	\$ 75,176	\$ 228,305	\$ 542,484	\$ 10,785

- (1) Debt obligations represent borrowings under our Revolver, which represents \$51.6 million of the debt obligation due in 2026, Term Loan A, which represents \$125.0 million of the debt obligation due in 2029, Term Loan B, which represents \$143.3 million of the debt obligation due in 2030, Term Loan C, which represents \$131.7 million of the debt obligation due in 2028, the 2029 Notes, which represents \$75.0 million of the debt obligation due in 2029, the 2030 Notes, which represents \$85.0 million of the debt obligation due in 2030, and mortgage notes payable that were outstanding as of June 30, 2026. This figure does not include \$0.02 million of premiums and (discounts), net and \$4.7 million of deferred financing costs, net, which are reflected in mortgage notes payable, net, borrowings under Term Loan A, Term Loan B, Term Loan C, net, and senior unsecured notes, net, on the condensed consolidated balance sheets.
- (2) Interest on debt obligations includes estimated interest on borrowings under our Revolver, Term Loan A, Term Loan B, Term Loan C, senior unsecured notes, and mortgage notes payable. The balance and interest rate on our Revolver, Term Loan A, Term Loan B, and Term Loan C is variable; thus, the interest payment obligation calculated for purposes of this table was based upon rates and balances as of June 30, 2026.
- (3) Operating lease obligations represent the ground lease payments due on three of our properties.
- (4) Finance lease obligations represent the ground lease payments due on one of our properties.
- (5) Purchase obligations consist of tenant and capital improvements at 11 of our properties.

Off-Balance Sheet Arrangements

We did not have any material off-balance sheet arrangements as of June 30, 2026.

Funds from Operations

The National Association of Real Estate Investment Trusts (“NAREIT”) developed Funds from Operations (“FFO”) as a relevant non-GAAP supplemental measure of operating performance of an equity REIT to recognize that income-producing real estate historically has not depreciated on the same basis determined under GAAP. FFO, as defined by NAREIT, is net income (computed in accordance with GAAP), excluding gains or losses from sales of property and impairment losses on property, plus depreciation and amortization of real estate assets, and after adjustments for unconsolidated partnerships and joint ventures.

FFO does not represent cash flows from operating activities in accordance with GAAP, which, unlike FFO, generally reflects all cash effects of transactions and other events in the determination of net income. FFO should not be considered an alternative to net income as an indication of our performance or to cash flows from operations as a measure of liquidity or ability to make distributions. Comparison of FFO, using the NAREIT definition, to similarly titled measures for other REITs may not necessarily be meaningful due to possible differences in the application of the NAREIT definition used by such REITs.

FFO available to common stockholders and Non-controlling OP Unitholders is FFO adjusted to subtract distributions made to holders of preferred stock and senior common stock. We believe that net income available to common stockholders is the most directly comparable GAAP measure to FFO available to common stockholders and Non-controlling OP Unitholders.

Basic funds from operations per share (“Basic FFO per share”), and diluted funds from operations per share (“Diluted FFO per share”), is FFO available to common stockholders and Non-controlling OP Unitholders divided by the number of weighted average shares of the aggregate of shares of common stock and OP Units held by Non-controlling OP Unitholders outstanding and FFO available to common stockholders and Non-controlling OP Unitholders divided by the number of weighted average shares of the aggregate of shares of common stock and OP Units held by Non-controlling OP Unitholders outstanding on a diluted basis, respectively, during a period. We believe that FFO available to common stockholders, Basic FFO per share and Diluted FFO per share are useful to investors because they provide investors with a further context for evaluating our FFO results in the same manner that investors use net income and earnings per share (“EPS”), in evaluating net income available to common stockholders. In addition, because most REITs provide FFO available to common stockholders, Basic FFO and Diluted FFO per share information to the investment community, we believe these are useful supplemental measures when comparing us to other REITs. We believe that net income is the most directly comparable GAAP measure to FFO, Basic EPS is the most directly comparable GAAP measure to Basic FFO per share, and that Diluted EPS is the most directly comparable GAAP measure to Diluted FFO per share.

The following table provides a reconciliation of our FFO available to common stockholders for the three and six months ended June 30, 2026 and 2025, respectively, to the most directly comparable GAAP measure, net income available to common stockholders, and a computation of basic and diluted FFO per weighted average share of common stock:

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Market risk includes risks that arise from changes in interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market sensitive instruments. The primary risk that we believe we are and will be exposed to is interest rate risk. Certain of our leases contain escalations based on market indices, and the interest rate on our Credit Facility is variable. Although we seek to mitigate this risk by structuring such provisions of our loans and leases to contain a minimum interest rate or escalation rate, as applicable, these features do not eliminate this risk. To that end, we have entered into derivative contracts to cap interest rates for our variable rate notes payable, and we have entered into interest rate swaps whereby we pay a fixed interest rate to our respective counterparty, and receive SOFR in return. For details regarding our rate cap agreements and our interest rate swap agreements see Note 5, “Mortgage Notes Payable, Credit Facility, and Senior Unsecured Notes” of the accompanying condensed consolidated financial statements.

To illustrate the potential impact of changes in interest rates on our net income for the six months ended June 30, 2026, we have performed the following analysis, which assumes that our condensed consolidated balance sheets remain constant and that no further actions beyond a minimum interest rate or escalation rate are taken to alter our existing interest rate sensitivity.

The following table summarizes the annual impact of a 1%, 2% and 3% increase, and a 1%, 2% and 3% decrease in SOFR as of June 30, 2026. As of June 30, 2026, our effective average SOFR was 3.68%. The impact of these fluctuations is presented below (dollars in thousands).

Interest Rate Change	(Decrease) increase to Interest Expense	Net increase (decrease) to Net Income
3% Decrease to SOFR	\$ (1,569)	\$ 1,569
2% Decrease to SOFR	(1,046)	1,046
1% Decrease to SOFR	(523)	523
1% Increase to SOFR	523	(523)
2% Increase to SOFR	1,046	(1,046)
3% Increase to SOFR	1,569	(1,569)

As of June 30, 2026, the fair value of our mortgage debt outstanding was \$235.3 million. Interest rate fluctuations may affect the fair value of our debt instruments. If interest rates on our debt instruments, using rates at June 30, 2026, had been one percentage point higher or lower, the fair value of those debt instruments on that date would have decreased or increased by \$4.4 million and \$4.5 million, respectively.

As of June 30, 2026, the fair value of the 2029 Notes outstanding was \$74.7 million. Interest rate fluctuations may affect the fair value of our debt instruments. If interest rates on our debt instruments, using rates at June 30, 2026, had been one percentage point higher or lower, the fair value of those debt instruments on that date would have decreased or increased by \$2.3 million and \$2.4 million, respectively.

As of June 30, 2026, the fair value of the 2030 Notes outstanding was \$82.6 million. Interest rate fluctuations may affect the fair value of our debt instruments. If interest rates on our debt instruments, using rates at June 30, 2026, had been one percentage point higher or lower, the fair value of those debt instruments on that date would have decreased or increased by \$3.2 million and \$3.4 million, respectively.

The amount outstanding under the Credit Facility approximates fair value as of June 30, 2026.

In the future, we may be exposed to additional effects of interest rate changes, primarily as a result of our Revolver, Term Loans (i.e., Term Loan A, Term Loan B, and Term Loan C), private placement bond issuances, or long-term mortgage debt, which we use to maintain liquidity and fund expansion of our real estate investment portfolio and operations. Our interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flows and to lower overall borrowing costs. To achieve these objectives, we will borrow primarily at fixed rates or variable rates with the lowest margins available and, in some cases, with the ability to convert variable rates to fixed rates. We may also enter into derivative financial instruments such as interest rate swaps and caps to mitigate the interest rate risk on a related financial instrument. We will not enter into derivative or interest rate transactions for speculative purposes.

In addition to changes in interest rates, the value of our real estate is subject to fluctuations based on changes in local and regional economic conditions and changes in the creditworthiness of lessees and borrowers, all of which may affect our ability to refinance debt, if necessary.

Item 4. Controls and Procedures.

a) Evaluation of Disclosure Controls and Procedures

As of June 30, 2026, our management, including our chief executive officer and chief financial officer, evaluated the effectiveness of the design and operation of our disclosure controls and procedures. Based on that evaluation, the chief executive officer and chief financial officer concluded that our disclosure controls and procedures were effective as of June 30, 2026 in providing a reasonable level of assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable SEC rules and forms, including providing a reasonable level of assurance that information required to be disclosed by us in such reports is accumulated and communicated to our management, including our chief executive officer and our chief financial officer, as appropriate to allow timely decisions regarding required disclosure. However, in evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of necessarily achieving the desired control objectives, and management was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

b) Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during the quarter ended June 30, 2026 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings.

We are not currently subject to any material legal proceedings, nor, to our knowledge, is any material legal proceeding threatened against us. However, from time to time we may be party to various litigation matters, typically involving ordinary course and routine claims incidental to our business, which we may not consider material.

Item 1A. Risk Factors.

Our business is subject to certain risks and events that, if they occur, could adversely affect our financial condition and results of operations and the trading price of our securities. For a discussion of these risks, please refer to the section captioned “Item 1A. Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2025. There are no material changes to risks associated with our business or investment in our securities from those previously set forth in the report described above.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Sales of Unregistered Securities

None.

Issuer Purchases of Equity Securities

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

During the three months ended June 30, 2026, none of our directors or officers adopted or terminated a “Rule 10b5-1 trading arrangement” or “non-Rule 10b5-1 trading arrangement,” as those terms are defined Regulation S-K, Item 408.

Pursuant to FINRA Rules 2310(b)(5) and 2231(c), Gladstone Commercial Corporation (the “Company”) determined the estimated value as of June 30, 2026, of its 6.00% Series F Cumulative Redeemable Preferred Stock (the “Series F Preferred Stock”), \$25.00 stated value per share, with the assistance of a third-party valuation service. In particular, the third-party valuation service reviewed the amount resulting from the consolidated undepreciated book value of the Company’s assets less its contractual liabilities, divided by the number of shares of the Company’s Series E, F, and G Preferred Stock outstanding, all as reflected in the Company’s condensed consolidated financial statements included in Part 1 of the Company’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2026 to which this exhibit is attached, which were prepared in conformity with accounting principles generally accepted in the United States of America. Based on this methodology and because the result from the calculation above is greater than the \$25.00 per share stated value of the Company’s Series F Preferred Stock, the Company has determined that the estimated value of its Series F Preferred Stock as of June 30, 2026, is \$25.00 per share.

Pursuant to FINRA Rules 2310(b)(5), the Company determined the estimated value as of June 30, 2026, of its Senior Common Stock, \$15.00 original issue price per share, with the assistance of a third-party valuation service. In particular, the third-party valuation service reviewed the amount resulting from the consolidated undepreciated book value of the Company’s assets less its contractual liabilities, less the liquidation value of the Company’s Series E, D, and G Preferred Shareholders, divided by the number of fully diluted shares of the Company’s Common Stock outstanding, all as reflected in the Company’s condensed consolidated financial statements included in Part 1 of the Company’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2026 to which this exhibit is attached, which were prepared in conformity with accounting principles generally accepted in the United States of America. Based on this methodology, the Company has determined that the estimated value of its Senior Common Stock as of June 30, 2026, is \$13.42 per share.
